

Are you?

- ✓ Not sure what the next best step is for your aging loved one?
- ✓ Feeling overwhelmed with little time for yourself or family?
- ✓ Harming personal and professional relationships due to your caregiver stress?
- ✓ Concerned for your parents safety but not sure how to approach the difficult topics such as driving, or living alone?

The support and services provided by COPE Eldercare enables families to plan for, deal with, and live through the challenges of aging. Care management services are offered in a variety of settings and are available as short term or ongoing assistance for caregivers.

Background

COPE Eldercare (COPE) was established in 2004 to bring compassionate geriatric care management services to seniors and their families. COPE set out to fill the void by providing affordable care management services to all seniors on a sliding scale regardless of any financial limitations. COPE works with seniors and their families to address issues such as caregiver support and assistance, continuity of care, providing crisis help, determining when the time has come for a variety of lifestyle changes, and reducing aging costs for all involved in a loved ones care.

Who uses COPE services and support?

Local and long distance families
Banks and Trust Officers
Physicians and Allied Health Professionals
Attorneys
Hospitals
Direct Service Providers

Mission Statement

COPE Eldercare provides seniors, individuals of all ages, and their families compassionate care to promote independence, safety, and quality of life.

Helping the community

COPE Eldercare is a nonprofit 501(c)(3) and depends on charitable contributions to provide its services to all members of the community. COPE donates over \$15,000 in services each year to local community seniors. We will gladly accept your tax deductible donations!

Family Reflections

“Thanks for your help, support, and advocacy for my mother. Your organization is an inspiration to me-it is truly social work at its finest.”

Carlton, family member
